## "MAGGIONI FRANCESCO"

Glove was imported to this country, and sold by P. Centemer & Co. as the Centermeri Glove. It is very well known, has stood the test of years, and is considered standard in the American markets. The contract between P. Centemer & Co. and Maggioni Francesco having expired, P. Centemer & Co. will no longer have any connection with the sale of this glove whatever, and all gloves henceforth will have the name MAGGIONI FRANCESCO branded in full in the left hand glove, and none genuine without it. Recently, the manufacturer, Maggioni Francesco, of Milan, Italy, decided to open an agency in New York, and establish sub agency through the United States for the sale of his glove under his own brand. The new arrangement has proved a great success, and the demand for the Maggioni Francesco glove is steadily increasing from day to day throughout the United States.

We have secured the sole agency for this glove for Lima, and respectfully solicit your patronage. A new invoice of these gloves have just come to hand.

## INDICTMENTS

Returned by the Grand Jury This Morning

Seventeen Counts Against Frank L. Langman—Others Indicted

The grand jury reported this morning after being in session thirteen days, examining one hundred and forty-two witnesses, and inquiring into sixteen cases. They found eight indictments against Frank L. Langman for embezzlement. There are seventeen counts against him, the amounts ranging from \$2.44 to \$1,800. The alleged embezzlement is from the O. L. & M. and is the opening up of the same charges presented to the last grand jury, and which indictment was nullified.

The other indictments were: John P. Zimmerman, assault and battery; Michael R. Burns, grand larceny; Ashburg Place buying and concealing stolen property; Wm. Joyce, pocket picking; Isaac DeLong, assault with intent to commit rape; Alexander Carson, obtaining property under false pretenses.

In addition to the indictments returned the grand jury made the following whittles: to Judge Rich.

We examined the county jail and residence in accordance with the instructions of the court. We found the rules conspicuously posted, the prisoners well provided for, and the jail duties well attended to.

We recommended that the jail be repaired, it now being in a very bad condition, and that the rules be enforced.

We also recommended a clean to be made in the lower corridor, a screen to be placed at the entrance of the ladies' department, the repairing and replacing of stench pipes, chamber doors, and lowering of sink pipe in corridor.

We also recommended and urge the immediate repairing of residence roof which is causing much damage to the residence, and is now in a very bad condition.

We also recommended a water closet and bath room in the jail residence.

A Tramp Found Inebriate on the Streets Last Evening

About six o'clock last evening, George Miller and Alex. Frankel were walking east on High Street when they stumbled over the form of a man lying on the sidewalk at the rear of Hollen's grocery. They at first thought the man was dead or unconscious, but upon being roused he arose and said he was a tramp and had been drinking.

He had been out of work for several months and was forced to tramp over the country for food. He had been drinking and was in a very bad condition.

He was taken to the police station and placed in the lock-up.

## SPREADING

Diphtheria Breaks out in Other Places

And More Severe Measures Should be Adopted Immediately

Diphtheria has within the past twenty-four hours made its appearance in two distinct parts of the city in addition to the portion of town in which it has existed for the past week and the time has arrived for more stringent measures to be not only adopted but enforced in all the worst places.

The Joint Health at a meeting held last week did not decide upon a date to quarantine but decided to notify persons in whose family diphtheria existed to either remain in the house or leave the premises on foot until the disease had abated. On the face of things this looked all right but with few exceptions, no attention at all has been paid to the order and people continue to come and go from infected houses. It will be the duty of the health officers to enforce the order.

The proper authorities should not wait until the disease is thoroughly spread through the city before adopting stringent measures. Quarantine is to the public as of little consequence. The proper manner to proceed is to isolate the source of the disease.

One of the cases reported this morning exists at the residence of John W. Lutz on West Spring street between Mr. McDonald and McCall streets and the other in the family of Geo. Lutz at 404 East Market street.

Little Edward, the two-year-old son of Mr. and Mrs. J. J. Cunningham at 111 North West street died at 10 o'clock last night from diphtheria.
